

Submitted by Ted Ralston for the Parks and Cultural Affairs Committee Meeting
on May 22, 2012, relating to Bill 11, CD1.

Preserving Kailua Beach...in trust for the future

“... it is recognized that commercial activities within City parks exist as a privilege, not as a right.”

***Seeking a Ho'oponopono re-balance: Respect for All...
Transparency...Obeying the Law...Designing the Future,
Together...Malama kakou i ke kahakai***

HONOLULU

MISC. COM. 1554

Item # 4
Bill 11 (2012)

PCA

Bill 5 and Bill 11 Prove That The Kailua Beach Commercial Activities Problem Is Seriously Out of Balance...We Must Fixing What Is Broken

1. **Enact Bill 11**...this is City Council obligation, reaching back to commitments made by prior administrations, which the Community believes established the foundational principal upon which Kailua Beach will be managed.
2. **Curtail** the illegal operations now...thru law enforcement
3. **Establish** a comprehensive, sustainable, objective, transparent Kailua Beach Plan...tied-in with Ko'olaupoko and ORMP plans, DNLR DOBOR and DOFOW, HPD (lead by Kailua Neighborhood Board)
 1. **Respect** for safety, the law, the community, the neighborhood, and visitors
 2. **Conservation** of Beach, Kaelepulu stream, reef, offshore islets
 3. **Unencumbered** local traffic flow, roadway and sidewalk, vehicle and pedestrian
 4. **Improvement** in Beach and Roadway infrastructure to support growth
 5. **Continuous** community monitoring

Simply stated...

- ***Get the disruptive*** and illegal commercial businesses out of Kailua Beach Park; get the kayak carts off the sidewalks and streets...*improve upon the third-world message we transmit today (P&R, HPD, DNLR, CC working together)*

- ***Acceptable*** are occasional and non-intrusive, volunteer, community-enhancing, educational, etc activities (baby luau, Olympic kayak training, school programs, yoga, weddings, ashes...) ...*test: is use of Kailua Beach Park incidental to a business, or is it essential to a business? (P&R)*

- ***Build up*** a durable infrastructure to enable responsible, enlightened 'approved activity designation(s)' for the future
